Summary:

This is THE event of the Cub Scout year. We have a cake contest. We play games. We invite our immediate families to recognize the accomplishments of our Cubs and officially give them their new rank. The Cubs entertain everyone with skits and songs.

Most importantly, we recognize the growth of our longest tenured Cub Scouts. We officially pass them from Pack 200 to their chosen troop. We see them cross over the bridge from Cub Scouts to Scouts. We give them their arrow boards as a final gift from the pack.
